This is an **OPEN BOOK** examination. You may use only the following references during the examination and a calculator. Both a calculator and these references will be provided for you at the test site. You will **not** be allowed to use your own.

1. **Modern Refrigeration and Air Conditioning**; Althouse, A. D., et al; Goodheart-Willcox Publisher; Tinley Park, IL. (ISBN # 1-56637-300-X)
2. **Trane Air Conditioning Manual**; The Trane Company; La Crosse, WI.
3. **SBCCI Standard Gas Code**; Southern Building Code Congress International, Birmingham, AL.
4. **SBCCI Standard Mechanical Code**; Southern Building Code Congress International, Birmingham, AL.
5. **SBCCI Standard Building Code**; Southern Building Code Congress International, Birmingham, AL.

The examination will emphasize information presented in these references. However, these materials may not contain all of the general knowledge necessary for this trade examination. Some questions on the examination may not be referenced solely to these publications. Such information may be found in any number of general reference books covering the subjects listed above.

Candidates may find the reference books at large public libraries or university libraries, or the books may be acquired through your local bookstore, a book distributor, or the publishers.
